Service project Scouts should complete at least an hour of service. Selection of service projects should take into consideration social distancing guidelines. Possible projects include cleaning up litter at local parks or service to a chartered organization.	/3
Total Score	/21

The standards listed above should be conveyed to the troop through the patrol leaders council. The senior patrol leader should communicate with the troop to determine the level of participation that the troop achieves for each requirement. The SPL will then assign their troop a score for each category based on their perception of the number of scouts who meet each requirement. The recommended scoring is that a troop receive a 1 for 25% participation, a 2 for 50%, and a 3 for 75%. To earn the Baden Powell award, a troop must earn **17 of 21 possible points**. Questions can be addressed at weekly SPL meetings or addressed to camponstaff1@gmail.com with the subject "Baden Powell".
